When writing an interview into a news story, or any other type of article, it is important to make sure you have a great title that makes readers want to read your piece. The title should be between four and nine words; anything less than four words tells the reader that you couldn't think of anything, but any more than nine words is too wordy and usually causes confusion to the reader. For ...

Interviewing techniques definitely vary for different mediums. If you're interviewing for audio or video, you want to ask two-part questions, which encourages subjects to talk for longer blocks of time. Conversely, when you're interviewing for print, try and break questions up so you can get shorter and more concise answers (easier for taking notes and for quoting later). You can be more ...
